

Achieve Cloud Success at Champion Levels

Cloud Managed Services

Terillium's Managed Services support ERP maintenance, upgrades, and customization, maximizing your investment's value so you can concentrate on your core business.

Pathfinder Technology Assessment

The Pathfinder Assessment helps JDE customers at executive and management levels to determine data-based options for moving forward using best practices.

Amplify Elevating JD Edwards & Beyond

A collaborative program to help organizations running JD Edwards boost agility and resilience with the help of Oracle Cloud Applications.

Ascend Migrating to Oracle Cloud in Style

A simplified migration process to help organizations successfully move from JD Edwards to Oracle Cloud.

Terillium Cloud Hosting

Terillium's cloud hosting solutions enable flexible, scalable, and cost-effective Oracle ERP system hosting with expert support, complementing ERP Managed Services to optimize your investment and maintain a competitive edge.
